

Business between Australia and Canada is now easier than ever.

CanAus Connections is a new 'Business Package' designed to help Canadian and Australian companies make the most of their business opportunities – face-to-face.

With trade between the two countries at an all-time high, CanAus Connections has been designed to open up even more more possibilities between the two countries.

CanAus Connections is managed by the Canadian Australian Chamber of Commerce, and we can do most of the work for you. Or, you can simply select the services you need assistance with. We're here to help. That's why our Business Connections services are absolutely free of charge.

Let's do business

It's easy – just email us at cacc@cacc.org.au and ask us to send you a CanAus Connections briefing sheet. Just answer a few short questions, and we'll start to get you connected.

What you do

All you need to do is tell us when you plan to travel, how long you plan to stay, what you want to achieve and the type of connections that you want to make.

What we do

Make Connections

Our close business ties in both countries enable us to provide you with the essential connections you need to make - the right organisations, and the right people. We'll research your specific industry, then identify the contacts who can help you most.

Arrange Travel

Thanks to our close association with Air Canada, we can offer you significant travel discounts on Air Canada's lowest advertised fares. Air Canada is the only airline in the world with non-stop service between Vancouver and Sydney, making travel simpler and faster, so you're ready to do business the moment you step off the plane.

Find Accommodation

Our partnership with the Accor group means we can arrange discounted accommodation in any of their hotels across either country (including Sofitel, Novotel, Ibis, and Mercure Hotels).

Book a Hire Car

You can also receive a 15% discount on car hire through Europcar.

Follow Up Report

Once your business is over and you're back home, we can provide you with feedback from your trip, and help facilitate next steps.
